

**S. Lester Packing
Materials Ltd**

Experienced Machine Operator

Job Type: Full-time

Position: Permanent

Hours: 39 per week / Monday – Thursday 8am – 5pm / Friday 8am-3.45pm plus overtime

Salary: Competitive, dependent upon experience.

Job Summary

S. Lester Packing Materials are currently looking to recruit a number of experienced machine operators to join their expanding production team, offering the opportunity to join a thriving innovative business.

Candidates will be highly competent in operating all aspects of the machine and associated ancillary equipment safely to ensure machines run efficiently and correctly to customer requirements.

The ideal candidate will have experience of working in a fast-paced manufacturing environment, operating machinery and an understanding of the corrugated production processes.

The role will involve working as part of a production team; requiring strong communication and problem-solving skills. The right candidate will be willing and motivated to take part in continuous improvement exercises. We are looking for a hardworking, dedicated and reliable individual, who is flexible, willing to learn and embrace new skills.

Responsibilities and Duties

- Ensure all equipment is in a safe and serviceable condition
- Enforce and promote safety and housekeeping in your area of work
- Make sure high standards of product quality are maintained at all times
- Ability to prioritise, organise and allocate work accordingly
- Carry out quality control checks on finished product and complete QA paperwork
- Machine set up between different jobs and ensure set time targets are met
- Carry out basic maintenance tasks on the machine
- Actively promote increases in machine efficiency to achieve budgeted targets of production uptime, speed and casemaker waste
- Ensure effective handovers between shifts are achieved
- Complete all paperwork to communicate issues and maintain standards and performance
- Report safety and hazard faults to ensure all work is carried out safely
- Ensure a rapid response to machine failures and breakdowns and inform relevant departments (planning and dispatch
- Ensure cleaning schedules are kept up to date (daily, weekly, monthly and quarterly checks)
